Washington, D.C. 20554

RE: REQUEST FOR CONFIDENTIAL TREATMENT - *Connect America Fund*, WC Docket No. 10-90;
Lifeline and Link Up Reform and Modernization, WC Docket No. 11-42

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan included in FCC Form 481

Confidential Financial Information - Subject to Protective Order in WC Docket Nos. 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Before the Federal Communications Commission

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, Star Telephone Company (the Company), Study Area Code 270441, is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket Nos. 10-90 and 11-42. The Company, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan and (2) the financial annual report, both of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan is being made pursuant to section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for confidential treatment of the financial annual report is being made pursuant to the FCC's November 16, 2012 *Protective Order* in WC Docket No. 10-90 *et al.* These attachments contain competitively sensitive data that Star Telephone Company maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Company.

Five-Year Service Quality Improvement Plan

Pursuant to section 0.459 of the Commission's rules and Exemption 4 of FOIA, Star Telephone Company requests that the text and data extracted from its five-year service quality improvement plan be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Company keeps confidential. Public availability of this information would have a substantial negative impact on the Company.

In accordance with section 0.459 of the Commission's rules, the following information is provided in support of this request:

- (1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 - Five-Year Service Quality Improvement Plan. Specifically, confidential treatment is sought for all information in the five-year plan related to the Company's access line counts, existing broadband capabilities, and its network investment plans through 2019 that will improve service quality for its customers.

- (2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket Nos. 10-90 and 11-42 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a five-year service quality improvement plan, pursuant to 47 C.F.R. §§54.202(a)(1)(ii) and 54.313(a)(1).

- (3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan contains granular information on the Company's access line counts and existing broadband capabilities as well as detailed plans for financial investments in its network through 2019 to improve service to subscribers. This is closely guarded, privileged information that the Company does not make publicly available.

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless Internet service providers. Most RLECs also face competition from at least one other wireline broadband provider such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite broadband providers.

Ms. Marlene Dortch
June 30, 2014
Page 3

(5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan would provide competitors with detailed, granular information regarding the Company's access line count, its existing broadband capabilities, and its strategic plans for network investments. This would give competitors invaluable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Company.

(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Company has continually treated the extracted information in its five-year plan as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

(7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan is not available to the public, and third party access is limited as described in (6) above.

(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Company requests that the extracted information be withheld from public inspection indefinitely. Although the information reflects the Company's service improvement plans for a five year period, it would provide a very useful baseline for competitors for several years beyond that period.

(9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Financial Annual Report

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the Company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). Star Telephone Company seeks confidential treatment of its financial annual report pursuant to the November 16, 2012 *Protective Order* in WC Docket No. 10-90, *et al.*¹ The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

¹ *Connect America Fund et al.*, WC Docket No. 10-90 *et al.*, *Protective Order*, DA 12-1857 (rel. Nov. 16, 2012).

Ms. Marlene Dortch
June 30, 2014
Page 4

Star Telephone Company is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

Each page of the five-year service quality improvement plan confidential submission bears the legend, "CONFIDENTIAL - NOT FOR PUBLIC DISCLOSURE."

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL FINANCIAL INFORMATION - SUBJECT TO PROTECTIVE ORDER IN WC DOCKET NOS. 10-90, 07-135, 05-337, 03-109, CC DOCKET NOS. 01-92, 96-45, GN DOCKET NO. 09-51, WT DOCKET NO. 10-208, BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

Two copies of the Form 481 filing in redacted form and an accompanying cover letter are also being provided with the confidential filing. Each page of the redacted filing and accompanying cover letter is marked "REDACTED - FOR PUBLIC INSPECTION."

Two copies of this cover letter and the Form 481 filing with the confidential information are also being delivered to Mr. Charles Tyler, Telecommunications Access Policy Division, Wireline Competition Bureau.

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as an attachment to the FCC Form 481.

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Lynette Hampton". The signature is written in a cursive, flowing style.

Lynette Hampton
Authorized Representative for
Star Telephone Company

LINE 112 – FIVE-YEAR SERVICE QUALITY IMPROVEMENT PLAN

Following is the initial five-year service quality improvement plan for Star Telephone Company, Inc. ("Star" or "the Company") pursuant to 47 C.F.R. § 54.202(a)(1)(ii) that requires an eligible telecommunications carrier (ETC) to describe proposed improvements or upgrades to the ETC's network throughout its service area. The *USF/ICC Transformation Order* establishes a public interest obligation for rate-of-return ETCs to provide broadband service at speeds of at least 4 Mbps downstream and 1 Mbps upstream (4/1) "upon reasonable request." A service quality improvement plan cannot project where in the service area reasonable requests will be made. However, the proposed service improvements in this plan result in the availability of 4/1 or better service to a greater portion of the Company's service area than is currently available.

Although this plan is a good faith effort by the Company, it is subject to change, given the uncertainty faced by ETCs regarding whether capital investments will be recoverable over the five year planning timeframe. Factors that may affect the capital improvements plan include erosion of the customer base due to competition, alternative technologies, economic conditions in the service area, and unpredictable changes in the universal service support amounts an ETC receives.

Star meets the communications needs for over 2,550 customers within a 686 square mile area that extends over six parishes. Star's facilities serve these customers with five telephone exchanges (Maringouin, Livonia, Rosedale, Innis, & Cheneyville), each equipped with digital switching with all cable plant buried underground to the customer location. The Maringouin, Livonia, Rosedale, and Cheneyville exchanges are served by fiber optic cable which provides the high bandwidth required by state of the art telecommunication applications today such as video conferencing, data transmission, and internet. As seen in the following Service Quality Improvement Plan, the Innis exchange will be served by fiber optic cable by 2015 replacing the microwave transport which exists today.

Baseline Network Description

IMPROVEMENT PLAN OVERVIEW:

Network improvements or enhancements planned to improve service quality, coverage, or capacity for the next five years are described herein. Geographic area and subscribers impacted by the improvements are identified, where available. Due to the current uncertainty of the regulatory environment causing the uncertainty of recovery of expenditures the company, Star advises that this 5 year plan may be modified and the meeting of projected goals altered to accommodate the actual amount of support that Star receives.

Reasonable Requests for Broadband: If the incremental costs of undertaking the necessary upgrades to a particular location exceed the revenues that could be expected from that upgraded line, a request would be deemed not reasonable. Star will consider whether it would be reasonable to make the necessary upgrades in light of anticipated end-user revenues from the retail provision of broadband service and other sources of revenues, including but not limited to federal or state universal service funding projected to be available under current rules. Star will also take into account the reasonable comparability benchmark for broadband services.

Additional Issues and Conclusion

Given the regulatory uncertainty and dynamic market conditions, Star reserves the opportunity to alter or modify this plan at any time. Star will re-evaluate this plan on an annual basis as required by the FCC, and any changes or adjustments will be reflected in subsequent annual reports.

LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

Star Telephone Company complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

Service quality standards for voice service are established by the state commission. The Company consistently meets or exceeds those standards and provides reports to the state commission, in accordance with the state commission's rules.

The Company complies with any and all consumer protection obligations under state law.

The Company also complies with the following consumer best practices: (1) the Company discloses its rates and terms of service to customers; (2) the Company provides specific disclosures in its advertising; (3) the Company separately identifies carrier charges from taxes on its billing statements; (4) the Company provides ready access to customer service; (5) the Company promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Company abides by policies for protection of consumer privacy.

Finally, the Company has a policy and established operating procedures that comply with the FCC's Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). Certification of the Company's compliance with CPNI rules and a description of the Company's operating procedures that ensure compliance are filed annually with the FCC.

LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

Star Telephone Company is able to function in emergency situations for both voice and broadband service. The Company has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are supplied at the central office, remote switch sites, and repeater sites to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Company is able to reroute traffic around damaged facilities. Although the Company's ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's most recent reasonable comparability benchmark for voice services is \$46.96, which includes the federal subscriber line charge ("SLC").¹

In the exchanges served by Star Telephone Company, the highest single-line residential local rate, including any mandatory extended area service charge, is \$17.05. When the federal SLC, state SLC and the state universal service fee are added, the total is below the reasonable comparability benchmark of \$46.96.

¹ *Wireline Competition Bureau Announces Results of Urban Rate Survey for Voice Services; Seeks Comment on Petition for Extension of Time to Comply With New Rate Floor*, WC Docket No. 10-90, DA 14-384 (rel. Mar. 20, 2014), p. 2.

LINE 1210 - TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Star Telephone Company (the Company) provides Lifeline subscribers a discount of \$9.25 off a stand-alone residential local access line rate. The local exchange access line rate includes an unlimited number of local calling minutes. Additional charges for toll calls associated with the stand-alone residential access line are billed at the rates of the long distance carrier chosen by the subscriber.

Attached are pages from the Company's General Exchange Services Tariff describing Lifeline service terms and conditions and local exchange service rates.

GENERAL EXCHANGE SERVICES TARIFF

A3. BASIC LOCAL EXCHANGE SERVICE

A3.11 LifeLine

A3.11.1 Description of Service

- A. The LifeLine program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service charges for qualifying residential subscribers. Basic terms and conditions are in compliance with the FCC's Order on Universal Service in CC Docket 97-157, which adopts the Federal-State Joint Board's recommendation in CC Docket 96-45, which complies with the Telecommunications Act of 1996 and the FCC Report and Order and Further Notice of Proposed Rulemaking in WC Docket No. 11-42, adopted January 31, 2012. Specific terms and conditions are as prescribed by the Louisiana Public Service Commission and are set forth in this tariff. (C)
- B. LifeLine is supported by the federal universal service support mechanism.
- C. Federal baseline support of \$9.25 is available for each LifeLine service and is passed through to the subscriber. The amount of credit will not exceed the charge for local service. (C)

A3.11.2 Regulations

A. General

1. One low income credit is available per household and is applicable to the primary residential connection only. *Lifeline support is limited to a single subscription per household where household is defined to be any individual or group of individuals who are living together at the same address as one economic unit. For the purposes of this rule, an economic unit consists of all adult individuals contributing to and sharing in the income and expenses of a household.* (C)
2. A LifeLine customer may subscribe to any local service offering available to other residence customers.
3. Toll blocking, if elected, will be provided at no charge to the LifeLine subscriber.
4. The deposit requirement is not applicable to a LifeLine customer who subscribes to toll blocking. If a LifeLine customer removes toll blocking prior to establishing an acceptable credit history, a deposit may be required. When applicable, advance payments will not exceed the connection and local service charges for one month.
5. The PICC will not be billed to LifeLine customers who subscribe to toll blocking and do not presubscribe to a long distance carrier.
6. *The Federal Universal Service Charge will not be billed to Lifeline customers.* (N)

GENERAL EXCHANGE SERVICES TARIFF

A3. BASIC LOCAL EXCHANGE SERVICE

A3.11 LifeLine (Cont'd)

A3.11.2 Regulations (Cont'd)

A. General (Cont'd)

7. A LifeLine subscriber's local service will not be disconnected for non-payment of regulated toll charges. Local service may be denied for non-payment of local charges with Section A2. Access to toll service may be denied for non-payment of regulated tolls. A LifeLine subscriber's request for reconnection of local service will not be denied if the service was previously denied for non-payment of toll charges.

B. Eligibility.

1. To be eligible for a LifeLine credit, a customer must be a current recipient of any of the following low income assistance programs.
 - a. Federal Public Housing Assistance or Section 8 Housing
 - b. *Supplemental Nutrition Assistance Program (SNAP)* (C)
 - c. Low Income Energy Assistance Program (LIHEAP)
 - d. Medicaid
 - e. Supplemental Security Income
 - f. *Temporary Assistance for Needy Families (TANF)* (N)
 - g. *National School Lunch Program's free lunch program* (N)
2. *Additionally, customers not receiving benefits under one of the preceding programs, and whose total gross annual income does not exceed 135% of the Federal Poverty Guidelines are eligible for Lifeline.* (N)
(N)
(N)
3. *All applications for service are subject to verification with the state agency responsible for administration of the qualifying program.* (N)
(N)

EFFECTIVE: June 1, 2012

GENERAL EXCHANGE SERVICES TARIFF

A3. BASIC LOCAL EXCHANGE SERVICE

A3.11 LifeLine (Cont'd)

A3.11.2 Regulations (Cont'd)

C. Certification.

1. Proof of eligibility in any of the qualifying low income assistance programs *or for the income based criterion* should be provided to the Company at the time of application for service. The LifeLine credit will not be established until proof of eligibility has been received by the Company. If the customer requests installation prior to the Company's receipt of proof of eligibility, the requested service will be provided without the LifeLine credit. When eligibility documentation is provided subsequent to installation, the LifeLine credit will be provided on a going forward basis. *Recertification is required annually.* (C) (N)
2. It is the customer's responsibility to notify the Company when the customer is no longer participating in any of the qualifying programs or is no longer eligible based on the requirements established for the income based criterion. (C) (C) (C)
3. The Company reserves the right to periodically audit its records, working in conjunction with the appropriate state agencies, for the purpose of determining continuing eligibility. Information obtained during such audit will be treated as confidential information to the extent required under State and Federal laws. The use or disclosure of information concerning enrollees will be limited to purposes directly connected with the administration of the LifeLine plan.
4. When a customer is determined to be ineligible as a result of an audit, the Company will contact the customer. If the customer cannot provide eligibility documentation, the LifeLine credit will be discontinued.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.9 LOCAL USAGE DETAIL (LUD) MEASURED SERVICE OPTION

A3.9.1 General

Local Usage Detail – Local Usage Detail (LUD) where available, is a Measured Service option for customers who desire a printed listing of local call details in lieu of the usual summary billing of all dialed sent paid local usage. Requests for LUD must be processed five days prior to the billing date of the month in which it is desired, and must be initiated at the beginning, and terminated at the end of billing periods. In these cases, LUD may be initiated between billing dates only when requested at the time Measured Service is established.

When an order is issued solely for the purpose of initiating LUD, a charge equivalent in amount to a Record Order charge in A4 applies. If LUD is initiated at the same time an order is being issued for any other purpose, the charge preceding does not apply.

A3.9.2 Rates and Charges

A. The following charge applies for LUD

	Charge
1. Printed Listing	
a. Per month.....	\$1.00
b. Per message listed.....	\$.01

Charges for LUD are in addition to other applicable local usage charges in this tariff.
LUD will be provided on a per account basis only.

A3.10 LOCAL DETAIL LISTING (LDL)

A3.10.1 General

Local Detail Listing (LDL) where available, is a printed listing of the sent paid local usage billed in a specific billing period after said billing period has passed. LDL is provided on a per request basis only. Requests for LDL must be made within three (3) months of the most current billing cycle.

A3.10.2 Rates and Charges

A. The following charge applies for LDL

	Charge
1. Printed Listing	
a. Per month.....	\$15.00

Charges for LDL are in addition to other applicable local usage charges specified in this tariff
